HISTORY

ИСТОРИЯ

EN A Legacy of Excellence & Global Leadership

KAI boasts a rich history that began in the 1970s. Following a strategic merger in 2004 and a major modernization program across our two manufacturing units, the company strengthened its industrial and technological capabilities.
Since 2015, as an official member of Mohawk Industries - the world's leading tile manufacturer - KAI has become one of Europe's largest producers of ceramic tiles and porcelain surfaces. Production takes place in technologically advanced facilities, supported by highly specialized Italian technicians who ensure outstanding quality, reliability, and attention to detail.
With an annual production capacity exceeding 28 million sqm, KAI combines decades of manufacturing tradition with the global strength and resources of an international industry leader.

The Essence of Italian Design & Inspiration

At the heart of every KAI collection lies a culture shaped by creativity and a refined contemporary vision. Our premium ranges are developed in close collaboration with our Italian design team, who constantly study trends, colors, and finishes to create distinctive and contemporary products. Rather than simply following the market, we aim to anticipate it. Inspired by the creativity and expertise cultivated in the heart of the Italian ceramic district, we translate the authentic values of Italian aesthetics - depth, elegance, and a refined sense of space - into every tile. This creative synergy allows us to bring the spirit of Italian design into homes around the world, blending contemporary style with universal appeal. Our collections transform functional surfaces into expressive elements of interior design, capable of evoking emotion and individuality.

Technological Research & Innovation

By combining this creative vision with the expertise of highly specialized Italian technicians and advanced technologies from global industry leaders, we deliver:

Artistic Precision
High-definition digital printing that faithfully reproduces the intricate, non-repeating veining of natural marble and the organic warmth of aged wood.
Advanced Craftsmanship
Specialized processes including waterjet cutting, diamond polishing, and triple firing with platinum, creating finishes of exceptional refinement.

Superior Standards
Full compliance with ISO 9001 and European standard EN 14411, ensuring that aesthetic beauty is always supported by durability and performance.
Global Reach & Commitment
KAI exports more than half of its production to over 25 countries, including the United Kingdom, France, Germany, Italy, and Scandinavia. From corporate ethics to environmental responsibility, our commitment remains unwavering: to create reliable, high-quality products that customers and partners can trust, bringing a touch of Italian-inspired sophistication to homes and spaces around the world.

Our Philosophy: Home Is a Feeling

We believe that home is not just a place, but a feeling - a space where people can truly be themselves. Whether your style is timelessly classic or boldly contemporary, our ceramic tiles are more than simple surfaces: they are part of everyday life and silent witnesses to family moments and personal stories. Our mission is to create products for those who value warmth, harmony, and uncompromising quality.

BG Наследство от съвършенство и глобално лидерство

KAI има богата история, започнала през 1970 година. След стратегическо сливане през 2004 г. и амбициозна програма за модернизация в двете ни производствени звена, компанията укрепи своите индустриални и технически възможности.
От 2015 г. като официален член на Mohawk Industries – водещ производител на плочки в света – KAI се превърна в един от най-големите производители на керамични плочки и гранитогрес в България и на Балканския полуостров. С годишен производствен капацитет от над 28 милиона кв. м KAI съчетава десетилетия производствена традиция с глобалните ресурси на международен индустриален лидер.

Същността на италианския дизайн и вдъхновение

В основата на всяка колекция на KAI стои култура, изградена върху творчество и изтънчена съвременна визия. Нашите премиум серии се разработват в тясно сътрудничество с водещи дизайнерски студиа и нашия дизайнерски екип в Италия. Тези специалисти непрекъснато изследват тенденциите, цветовете и покритията, за да създават отличителни и съвременни продукти.
Ние не просто следваме пазара – ние го предвиждаме, като превеждаме автентичните ценности на италианската естетика – дълбочина, елегантност и изтънчено усещане за пространство – във всяка плочка. Тази креативна творческа синергия ни позволява да пренесем този дух във всеки дом, съчетавайки съвременен стил с универсална привлекателност. Нашите колекции превръщат функционалните повърхности в изразителни елементи на интериорния дизайн, способни да предизвикват емоции и индивидуалност.

Технологични изследвания и иновации

Съчетавайки творческа визия с експертизата на високоспециализирани италиански техници и модерни технологии от световни лидери, ние предоставяме:

Художествена прецизност
Високо дефиниран дигитален печат, който пресъздава сложните, не повтарящи се жилки на естествения мрамор и органичната топлина на състареното дърво.
Специализирани процеси, включително рязане с водна струя, диамантено полиране и тройно изпичане с платина и ветроза, създаващи покрития с изключителна изтънченост.

Високи стандарти
Пълно съответствие със стандарта ISO 9001 и европейския стандарт EN 14411, гарантиращи, че красотата винаги е съчетана с издръжливост и представяне.
Глобално присъствие и ангажираност
KAI изнася повече от половината от своето производство в над 25 държави по света, включително Великобритания, Франция, Германия, Италия и страните от Скандинавия.
От корпоративната етика до устойчивостта към околната среда, нашият ангажимент остава непроменен – да създаваме качествени продукти, на които нашите клиенти и партньори могат да се доверят, внасяйки нотка вдъхновение от италианската изтънченост във всеки кът на света.

Нашата философия: Домът е чувство

Ние вярваме, че домът не е просто място, а чувство – убежище, където човек може истински да бъде себе си. Независимо дали стилът е класически или смело съвременен, нашите керамични плочки са повече от просто повърхности – те са част от ежедневието и тих свидетел на семейните моменти и личните истории. Нашата мисия е да създаваме продукти за хората, които ценят топлината, хармонията и качеството.

Tiles for every home

Key milestones

The 1970s

KAI started-up its first production line, specializing in 15×15 double firing (bicottura) tiles, marking the company's first significant step in the ceramic industry.

The 1980s

The continuous pursuit of advanced technology led KAI to secure additional machines and equipment in 1985. KAI starts production of floor tiles (monocottura) in size 20×20.

The 1990s

In the mid-90s, KAI starting with the installation of the first roller kiln for wall tile double fast firing production in 1995. By 1998, the two ceramic factories pass a process of public privatization and became a group with main shareholder ECM (Europe Capital Management).

The 2000s

2004 KAI starts to produce porcelain tiles for the first time. Two years later, the company expands its portfolio manufacturing unglazed porcelain tiles.

The 2010s

The decade began with the installation of the first digital machine for decoration and the production of first digital collections for wall and porcelain tiles. 2015 marked a milestone for KAI as it became part of Mohawk Industries, the world's biggest flooring manufacturer and a multinational group listed on the New York Stock Exchange. In 2018, KAI makes significant optimization in its warehouses, increasing their storage space and capacity. Through digital evolution and new websites, the company becomes more user friendly and communicative.

The 2020s

In 2020 KAI implements the first rectification line. The company makes further strategic investments and during the year the first production of 2 cm thick tiles was started. In 2022, the company introduces new formats and finishes and invests in further technological investments to increase production and competitiveness.

TECHNOLOGY

ТЕХНОЛОГИЯ

Wall tiles

BG Стенни плочки – плочки, подходящи за употреба само на закрито и полагащи се само на стена в помещения като баня, спалня, кухня. Всякакъв вид абразив трябва да се избягва.

EN **Ceramic tiles suitable for indoor use only, intended for wall installation in areas such as bathrooms, bedrooms, and kitchens. Any type of abrasion must be avoided.**

Floor tiles

BG Подови плочки с водопоглъщаемост между 3% и ≤6%, подходящи само за полагане като подова настилка на закрито.
*Blb - глазирани плочки с гланцова повърхност и водопоглъщаемост между 0.5% и ≤3%.

EN Ceramic floor tiles with water absorbtion between 3% and ≤6 % suitable for indoor use only as floor covering.
*Blb – glazed ceramic tiles with a glossy surface and water absorption between 0.5% and ≤ 3%.

Glazed porcelain tiles

BG Глазиран гранитогрес с водопоглъщаемост под 0.5 %. Тези продукти са широкоприложима настилка. С голямото разнообразие от цветове, дизайни, форми и размери, се интегрират лесно във всяко помещение. Той е здрав, устойчив, издържа на интензивна употреба и на метеорологичните условия, и лесен за поддържане. Подходящ е както на закрито, така и на открито (с изключение на Satin matt & Fully Polished колекциите), за частни или обществени сгради. Може да се полага на пода, като и на стената.
За жилищни сгради, където дизайна, цвета и декоративните ефекти са основен фокус, глазираният гранитогрес е често предпочитан.

EN Glazed porcelain tiles with water absorption below 0.5%. These products are suitable for a wide range of flooring applications. Available in a variety of colors, designs, shapes, and sizes, they integrate easily into any space. They are strong, durable, resistant to heavy use and weather conditions, and easy to maintain. Suitable for both indoor and outdoor applications (exept group of satin matt and fully polished series), in residential and public buildings. They can be installed on floors as well as on walls.
For residential projects where design, color, and decorative effect are the main focus, glazed porcelain tiles are often preferred.

Unglazed porcelain tiles

BG Неглазираните гранитогресни плочки са съставени изцяло от естествена глина (full-bodied). Тяхната плътна и устойчива структура ги прави идеални за търговски пространства като офиси и търговски обекти.

EN Unglazed porcelain tiles are full-bodied products, composed entirely of natural clay. Their dense and durable structure makes them ideal for commercial areas such as offices and retail spaces.

PREMIUM TECHNOLOGY

ПРЕМИУМ ТЕХНОЛОГИЯ

KAI Smart Surface Technology

BG SmartSurface™ – повърхности с нежна на допир текстура и значително подобрени противохлъзгащи свойства. SmartSurface™ не е просто покритие за повърхности или временно противохлъзгащо третиране, тя е интегрирана директно в нашите висококачествени гранитогресни плочки, увеличавайки коефициента на противохлъзгане (R) и осигурявайки дълготрайна ефективност. Тази иновативна технология предоставя отлично сцепление върху мокри повърхности, като същевременно поддържа гладко, нежно усещане и лесно почистване, благодарение на отсъствието на повърхностна грапавост. Колекциите гранитогрес KAI, произведени със SmartSurface™, преминават специализирана механична обработка по цялата повърхност. Този процес запазва приятното тактилно усещане, като същевременно постига висок Динамичен коефициент на триене (DCOF). DCOF измерва представянето на плочките при влажни условия, като стандартната референтна стойност за вътрешни инсталации е 0,42. Предимствата на SmartSurface™ са ясни: пълно съответствие с най-строгите стандарти за триене, комбинирано с атрактивни, нежни на допир и лесни за поддръжка повърхности. Колекциите SmartSurface™ отговарят на взискателни изисквания за представяне, като същевременно позволяват безпроблемен „цялостен вид" в големи архитектурни пространства, където непрекъснатостта между вътрешните и външните настилки става все по-важна за съвременните дизайнерски концепции.

EN SmartSurface™ – soft-touch surfaces with significantly enhanced slip-resistance properties.
SmartSurface™ is not just a surface coating or temporary non-slip treatment. The slip-resistance feature is integrated directly into the body of our premium porcelain tiles, increasing the slip-resistance coefficient (R) and ensuring long-lasting performance.
This innovative technology delivers superior traction on wet surfaces while maintaining a smooth, soft feel and easy cleanability, thanks to the absence of superficial roughness.
KAI porcelain collections manufactured with SmartSurface™ undergo a specialized mechanical treatment across the entire surface. This process preserves their pleasant tactile feel while achieving a high Dynamic Coefficient of Friction (DCOF). The DCOF measures tile performance under wet conditions, with 0.42 being the standard reference value for indoor installations.
The advantages of SmartSurface™ are clear: full compliance with the strictest friction standards combined with attractive, soft-touch, and easy-to-maintain surfaces.
SmartSurface™ collections meet demanding performance requirements while enabling a seamless "total look" across large architectural spaces, where continuity between indoor flooring and outdoor paving is increasingly essential to modern design concepts.

Digital Effects

BG Digital Effects е нова производствена технология, която комбинира висококачествен дигитален печат със структура на материалите. Използването на оптични сензори от последно поколение точно разчита текстурите и ги свързва с множество графични модели и глазури с различни нива на блясък или прозрачност. Това позволява дизайнът да се интегрира безпроблемно с текстурата на повърхността, постигайки безпрецедентна дълбочина и прецизност както при естествени, така и при структурирани покрития.

EN Digital Effects is a new production technology that combines high-definition digital printing with material structure. The use of latest-generation optical sensors precisely reads textures and associates them with multiple graphic patterns and glazes with varying levels of gloss or opacity. This allows the design to integrate seamlessly with the surface texture, achieving unprecedented depth and precision on both natural and structured finishes.

Digital Printing Technology

BG Технологията за дигитален печат Digital Printing Technology представлява последната еволюция на дигиталните процеси, приложени производството на плочки, усъвършенствана в лабораториите на KAI.
Прецизно съчетани повърхностни структури и мотиви - уникални за всяко отделно парче - създават дълбочина и тактилна реалистичност.
Модерна система, която комбинира визуално разпознаване и високопрецизен печат, осигурява богато текстурирани повърхности с отличителен, въздействащ дизайн.

EN Digital Printing Technology represents the latest evolution in digital processes applied to porcelain stoneware, perfected in KAI's laboratories.
Precisely matched surface structures and patterns - unique to every single piece - create depth and tactile realism.
An advanced system combining optical recognition and high-precision printing delivers richly textured surfaces with distinctive, high-impact design.

Intended Use

D — Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

E — Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

F — Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

G — Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

H — Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

Color & design variations - V1

BG Обикновени цветни плочки. Монохромни – V1: плочките със същия нюанс са много еднородни, само в един цвят.

EN Plain colored tiles. Monochromatic – V1: tiles of the same shade are very uniform, in just one color.

Color & design variations - V2

BG Плочки с лека вариация в цвета и дизайна. Еднообразен външен вид V2: Равномерен цвят само с минимални разлики между плочките от едно производство.

EN Tiles with a slight variation of color and design. Uniform appearance - V2: Uniform color with only minimal differences between tiles in the same production run.

Color & design variations - V3

BG Плочки със средна вариация на цвета и дизайна. Лека вариация V3: Ясно различими разлики в текстурата и шарката в рамките на един и същи производствен цикъл.

EN Tiles with a medium variation of color and design. Slight variation – V3: Clearly distinguishable differences in texture and pattern within the same production run.

Color & design variations - V4

BG Плочки с интензивна вариация на цветове и дизайн. Умерена вариация – V4: Значителни вариации в текстурата, шарката и цвета от плочка до плочка в рамките на една и съща производствена единица.

EN Tiles with an intense variation of color and design. Moderate variation – V4: Significant variation in texture, pattern, and color from tile to tile within the same production unit. The color range should be viewed before selection material.

CERTIFICATION

СЕРТИФИКАЦИЯ

CE Mark

BG KAI изпълнява всички изисквания на Регламент № 305/2011 на Европейския парламент и на Съвета и за правото да поставя CE маркировка за своите продукти. KAI ще осигури съответствие с Регламент (ЕС) № 2024/3110 за предлагане на пазара на строителни продукти в рамките на приложимите преходни периоди. Съответната документация е достъпна за дистрибутори, професионалисти и крайни потребители на уебсайта на компанията - www.kai.bg

EN KAI has fulfilled all requirements of Regulation № 305/2011 of the European Parliament and of the Council and of the right to use CE Mark for its products. KAI monitors the implementation of Regulation (EU) № 2024/3110 establishing a revised Construction Products Regulation and will ensure compliance within the applicable transition periods. Relevant commercial documentation is available for distributors, professionals, and end users on the company website - www.kai.bg

Declaration of Performance

BG Декларациите за експлоатационни показатели са издадени в съответствие с Регламент (ЕС) No 305/2011 за безопасност на предлаганите строителни продукти.

EN The declarations of performance are issued, in accordance with Regulation (EU) No 305/2011 for safety of the offered construction products.

Certificate of Registration ISO 9001:2015

BG Дружествата притежават сертификати за регистрация, че Системата за управление на качеството отговаря на изискванията на ISO 9001:2015 с обхват на регистрация – проектиране, разработка, производство и продажба на сухо пресовани керамични плочки и декорации.

EN The companies have certificates of registration that the Quality Management System meets the requirements of ISO 9001:2015 with scope of registration – design, development, manufacture and sale of dry-pressed ceramic tiles and decorations.

UPEC Certificate

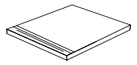

BG Френският QB UPEC сертификат предоставя на потребителя гаранция за качество: той потвърждава, че доставените продукти, маркирани с логото QB и UPEC, отговарят на изисквания на стандарт NF EN 14411 в съответствие с настоящите правила за сертифициране и че имат технически характеристики, посочени в CSTB (Centre Scientifique et Technique du Bâtiment – Научно-технически център за строителство) „Технически спецификации за UPEC класификацията на керамичните подови настилки". Четирите букви се отнасят за:
U: износоустойчивост на повърхността - устойчивост на трафик
P: якост на огъване или якост на разрушаване - механична устойчивост на изместване на подвижни и неподвижни предмети
E: водопоглъщаемост - устойчивост на вода.
C: химична устойчивост - устойчивост на често използвани химикали

EN French QB UPEC certification provides the user with a quality guarantee: it confirms that the products delivered, marked with the QB and UPEC logos, comply with the prerequisites of the NF EN 114411 standard in accordance with the current certification rules and that they have the performance characteristics specified in the CSTB (Centre Scientifique et Technique du Bâtiment – Scientific and Technical Centre for Building) "Technical Specifications for the UPEC Classification of Ceramic Floor Coverings". The four letters refer to:
U: surface abrasion - resistance to foot traffic wear
P: modulus of rupture and breaking strength - mechanical resistance to the shifting of movable and fixed objects
E: water absorption - resistance to water
C: chemical resistance - resistance to commonly used chemicals

A.2 Дебелини/Thicknesses						
a) Дебелината се посочва от производителя/ The thickness shall be specified	Декларирана дебелина/Declared thickness					-
b) Отклонение на ср.стойност от проектния р-р/ The permissible deviation of the average thickness from the work thickness	±5% max ±0.5mm	±5% max ±0.5mm	±5% max ±0.5mm	±5% max± 0.5mm	±10% max ±0.5mm	10545-2
A.3 Праволинейност на ръбовете/ Straightness of sides	±0.5% max ±1.5mm	±0.5% max ±1.5mm	±0.5% max ±1.5mm	±0.5% max ±1.5mm	±0.3% max ±1.5mm	10545-2
A.4 Правоъгълност/Rectangularity	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	10545-2
A.5 Равнинност на повърхността/Surface flatness						
a) Огъване в центъра/Centre curvature	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	0.5%/-0.3% max +2/-1.5mm	10545-2
b) Огъване на ръбовете/Edge curvature	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	0.5%/-0.3% max +2/-1.5mm	10545-2
c) Изкривяване/Warpage	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	±0.5% max ±2mm	10545-2
A.6.Качество на повърхността/Surface quality Плочки без видими дефекти/ Tiles with no visible defects	95%	95%	95%	95%	95%	10545-2
В) ФИЗИЧНИ СВОЙСТВА/PHYSICAL PROPERTIES						
B.1 Водопоглъщаемост, % по маса/ Water absorption, % by mass	E≤0.5%	0.5%<E≤3%	3%<E≤6%	6%<E≤10%	Сред./Average E>10%	10545-3
B.2 Сила на разрушаване за/Breaking strength for: a) дебелина≥7.5мм/thickness≥7.5mm b) дебелина<7.5мм/thickness<7.5mm	≥1300 N ≥700 N	≥1100 N ≥700 N	≥1000 N ≥600 N	≥800 N ≥500 N	≥600 N ≥200 N	10545-4
B.3 Якост на огъване или якост на разрушаване/ Flexural tensile strength or modulus of rupture	Min 35 N/mm²	Min 30 N/ mm²	Min 22 N/mm²	Min 18 N/ mm²	Деб./Thick≥7.5 mm min 12 N/ mm²	10545-4
	Ед.мин.32/ Individual min 32 N/mm²	Ед.мин.27/ Individual min 27 N/mm²	Ед.мин.20/ Individual min 20 N/mm²	Ед.мин.16/ Individual min 16 N/ mm²	Деб./Thick<7.5 mm min 15 N/ mm²	10545-4
B.4 Износоустойчивост/ Abrasion resistance a) Дълбинна абразия/ Deep abrasion mm³	max 175 mm³	max 175 mm³	max 345 mm³	max 540 mm³	-	10545-6
b) Повърхностна абразия/Surface abrasion	Клас по износоустойчивост и брой цикли, на които издържат/ Abrasion class and cycles passed					10545-7
B.5 Коефициент на линейно термично разширение/ Coefficient of linear thermal expansion От t∘ на околната среда до 100∘C/ From ambient t∘ to 100∘C	Декларирана стойност/Declared value					10545-8

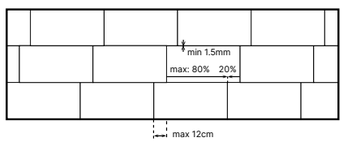

ТЕХНИЧЕСКИ СПЕЦИФИКАЦИИ ЗА КЕРАМИЧНИ ПЛОЧКИ TECHNICAL SPECIFICATION FOR CERAMIC TILES						EN 14411:2016
B.6 Устойчивост термичен шок/ Thermal shock resistance	Да издържат изпитването съгласно EN ISO 10545-1/ Pass according to EN ISO 10545-1					10545-9
B.7 Рисоустойчивост глазирани плочки*/ Crazing resistance glazed tiles*	Да издържат изпитването съгласно EN ISO 10545-1/ Pass according to EN ISO 10545-1					10545-11
B.8 Мразоустойчивост/Frost resistance	Да издържат/ Pass	Да изд./ Pass	Декл. с-т/ Decl.value	Декл. с-т/ Decl. value	Декл. с-т/ Decl. value	10545-12
B.9 Приплъзване/Slipperiness	Декларирана стойност/Declared Valued					CEN/TS 16165
B.10 Якост на сцепление/адхезия, за:/ Bond strength, adhesion for: a) циментови лепила/cementitious adhesives b) дисперсни лепила/dispersion adhesives c) лепила от реактивни смоли/ reaction resin adhesives d) строителен разтвор/mortar	Декларирана стойност/Declared Valued Декларирана стойност/Declared Valued Декларирана стойност/Declared Valued Декларирана стойност/Declared Valued					EN 12004:2007+ A1:2012,4.1 EN 12004:2007+ A1:2012,4.2 EN 12004:2007+ A1:2012,4.3 NPD
B.11 Влажностно разширение, в mm/m/ Moisture expansion, in mm/m	Декларирана стойност/Declared Valued					10545-10
B.12 Малки разлики в цвета, за:/ Small color differences, for: a) глазирани плочки/Glazed tiles b) неглазирани плочки/Unglazed tiles	ΔEcmc <0.75 ΔE cmc <1.0	ΔEcmc <0.75 ΔE cmc <1.0	Ecmc <0.75 ΔE cmc <1.0	ΔEcmc <0.75 ΔE cmc <1.0	ΔEcmc <0.75 -	10545-16
B.13 Устойчивост на удар, като:/ Impact resistance as: Коефициент на възвратно движение/ Coefficient of restitution	Декларирана стойност/Declared Valued					10545-5
B.14 Реакция на огън/Fire resistance	Клас A1/A1 FL Class A1/A1 FL					-
B.15 Осезаемост/Tactility	Декларирано описание на повърхността/Declared surface description					CEN/TS 15209
С) ХИМИЧНИ СВОЙСТВА/CHEMICAL PROPERTIES						
C.1 Устойчивост на образуване на петна, за: / Resistance to staining, for: a) глазирани плочки/Glazed tiles b) неглазирани плочки/Unglazed tiles	Минимум клас 3/min class 3 Декларирана стойност/Declared Valued					10545-14
C.2 Устойчивост на химикали/ Resistance to chemicals a) Устойчивост на разтвори на киселини и основи с ниска концентрация/ Resistance to low concentration of acids and alkalis b) Устойчивост на разтвори на киселини и основи с висока концентрация/ Resistance to high concentration of acids and alkalis c) Устойчивост на битови препарати и соли за плувни басейни/Resistance to household chemicals and swimming pool salts	Декларирана стойност/Declared Valued Декларирана стойност/Declared Valued Минимум клас B/min class B					10545-13 10545-13 10545-13
C.3 Отделяне на опасни вещества/ Release of dangerous substances						
a) Кадмий/Cadmium	Декларирана стойност/Declared Valued					10545-15
b) Олово/Lead (mg/dm²)	Декларирана стойност/Declared Valued					10545-15
c) Други/Others	Декларирана стойност/Declared Valued					Който е приложим / As relevant

*Някои декоративни ефекти могат да имат склонност към изрисяване. Те трябва да се посочват от производителя, като в този случай изпитването на рисоустойчивост не е приложимо./Certain decorative effects may have a tendency to craze. They are to be identified by the manufacturer, in which case the crazing test is not applicable.

	Kind	Size cm	Type	pc.	pc.
	step	33,3×33,3	floor	13	44
	step	45×45	floor	6	68
	step	30×60	floor	8	36
	scirting	8×33,3	floor	30	42
	scirting	8×45	floor	15	72
	scirting	15×60	floor	11	55
	scirting	8×60	floor	24	40

We can produce Special pieces from each tile that is available in our assortment. To complete your design you have to order respective size and article number.
*Some skirting tiles are not frost-proof, we recommend indoor application only.

CORRECT POSITION

INCORRECT POSITION

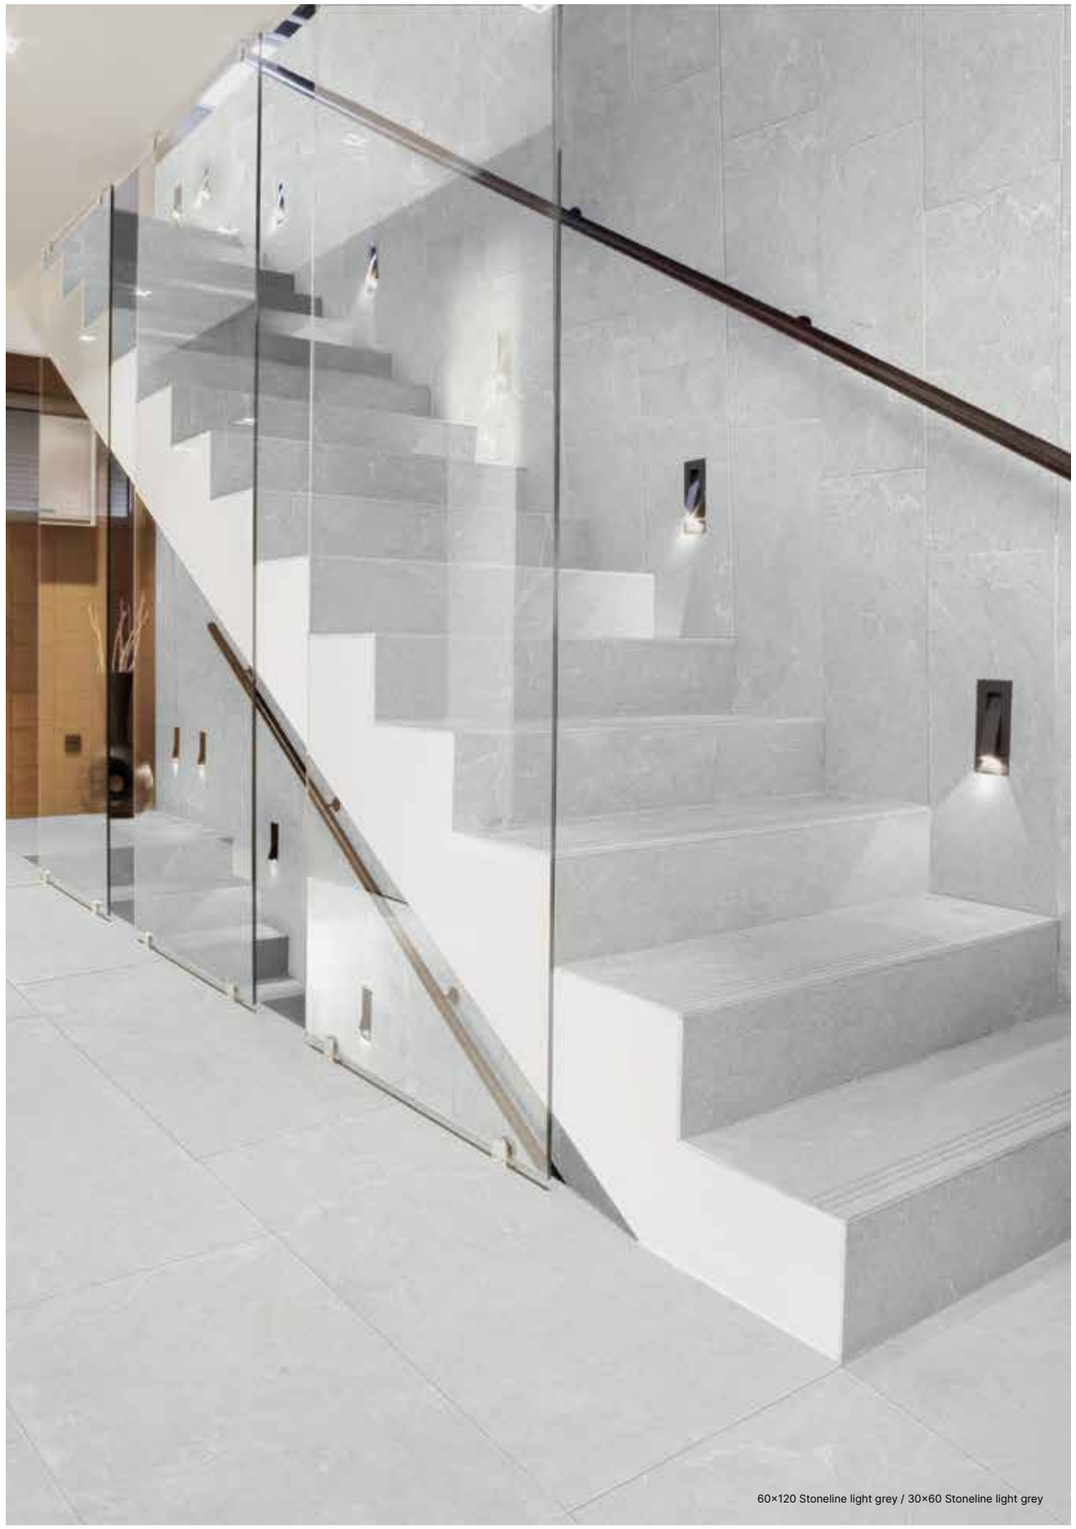

PLACING REQUIREMENTS

It is required the use of minimum joint (aprox. 2.5 mm). We recomend that the joins are laid in staggered format with the maximum of the joints to be laid 20% of the lenght.

***Colour reproduction approximate**
Colour reproduction approximate. The tables with data referred to the content per box and to the packing weight are update at the catalogue printing time; therefore the listed data can be altered. KAI have the exclusive right to modify and replace the components of the system illustrated in this folder, even only partially and with no obligation to give prior notice there of.

*Certain decorative effects may have a tendency to craze. They are to be identified by the manufacturer, in which case the crazing test is not applicable.
Някои декоративни ефекти могат да имат склонност към изрисяване. Те трябва да се посочват от производителя, като в този случай изпитването на рисоустойчивост не е приложимо.

60×120 Stoneline light grey / 30×60 Stoneline light grey

BG Съдържанието на този каталог — включително изображения, съвети, логистични и продуктови данни, е предназначено за вдъхновение и насоки относно настоящите тенденции в интериорния и екстериорния дизайн. Потребителят трябва да се запознае с указанията на опаковката на продукта относно специфичните характеристики на продуктите и инструкциите за тяхното използване. В случай на разминавания между информацията, включена в този каталог и информацията в други източници, потребителят трябва да се консултира с производителя и/или продавача на продукта.

Показаните цветове са приблизителни и могат да се различават от реалния продукт.
Съдържанието на опаковката, теглото и другите технически данни са актуални към момента на печат и могат да се променят.

KAI има изключителното право да модифицира и заменя отделни части от илюстрованите в този каталог композиции, дори и частично, без задължение да дава предварително уведомление за това.

За повече технически, логистични данни и сертификати, моля посетете www.kai.bg
